

ESD Anti static organiser

Heavy capacity

Resistant paint

Patent

SGS loading test

ESD anti-static organiser

Resistivity is less than 0.1 Mohm/SQ

Electrostatic discharge is less than 0.01 sec.

Surface resistivity is less than 0.1 Mohm/SQ

Static dissipative material $10^4 \sim 10^9$ (According to requirements)

Conductive material $10^3 \sim 10^5$

Drawer material PP Electricity
